**Subject:** RE: NFB Estimate  
Niagara Falls Blvd T&D Estimate for Remaining Excavation 8-16-17.docx

Eric,

Here are the estimates for the remaining excavation at NFB. These numbers include the warehouse and all unexcavated areas on the map at a 2ft depth. Hope this is what you were looking for, I used our previous mixing ratio as you requested. Please let me know if there is anything else you need.

Thanks,
